

# Swimming Pools – A Portfolio

**TIMBERLAB**  
NATURE ENGINEERED

## CASE STUDY

### Overview

The corrosive resistance of Glulam, its strong lightweight capabilities and the natural attraction of timber, make this an ideal construction material for swimming pool enclosures.

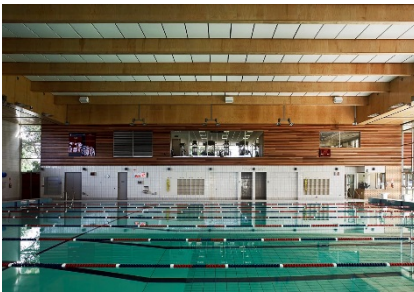

40m Glulam Grid shell

27m Span Curved Portals

"Y" Frames & Glulam Rafters

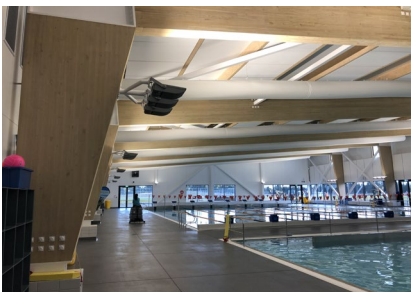

26m Span LVL Box Beams

Open Knee Glulam Portal Frames

38m Span Glulam Trusses

30m Span Glulam Portals

50m Span Octagonal Pool

30m Long Curved Glulam
